## Reds Release Yank Airmen From N. Korea

SEOUL (AP) — Three American helicopter crewmen, released today after 3½ months of captivity in North Korea, were reported in generally good condition after initial medical checkups. An Army spokesman said they are tentatively scheduled to leave for the United States Thursday morning—about 8 p.m. EST Wednesday.

Col. Paul Shaffer, commanding officer of the 121st Evacuation Hospital 10 miles west of Seoul, reported that the three men "are happy to be out" and said their psychological outlook is good.

He reported that all three had talked to their families.

Their first destination in the United States was not disclosed. The release of the three fliers was preceded by a five-minute meeting at Panmunjom during which U.S. Marine Maj. Gen. Arthur H. Adams signed a statement admitting that the intrusion of the men's helicopter into North Korean air space last Aug. 17 was a "criminal act."

A U.S. Army statement later repudiated the admission and said it was signed only to secure the release of the men.

The helicopter was shot down 15 miles inside North Korea and all three men were wounded.

Wearing navy blue jackets provided by their North Korean captors, two of the trio—Capt. David H. Crawford of Pooler, Ga., and WO Malcolm V. Loepke of Richmond, Ind.—appeared in good health when they were handed over at the truce village shortly before noon.

The third man, Spec. 4 Herman E. Hofstetter of Lowpoint, Ill., was on crutches, and an American official later said he still had open wounds in his right knee.

## Higher Income Tax Exemption Backed

### President May Veto Measure As Too Costly

WASHINGTON (AP) — In spite of presidential misgivings, considerable support has developed in the Senate for increasing the personal income tax exemption from \$600 to \$800.

The Senate had two plans before it today providing such a boost, one a Republican measure, the other Democratic. The administration didn't like either, but was particularly opposed to the Democratic proposal sponsored by Tennessee's Sen. Alton S. Gore.

**Veto Hinted**  
In fact, President Nixon indicated he would veto the Gore plan, which would raise the exemption to \$700 next year and to \$800 in 1973. Percy also proposed future tax rate cuts which would run the eventual cost of his plan higher than Gore's.

**Political Bickering**  
Senate leaders had hoped to settle the question of the form of tax cuts in the big tax reform package Tuesday, but an afternoon of parliamentary maneuvering and political bickering yielded only an agreement to vote on the various proposals today.

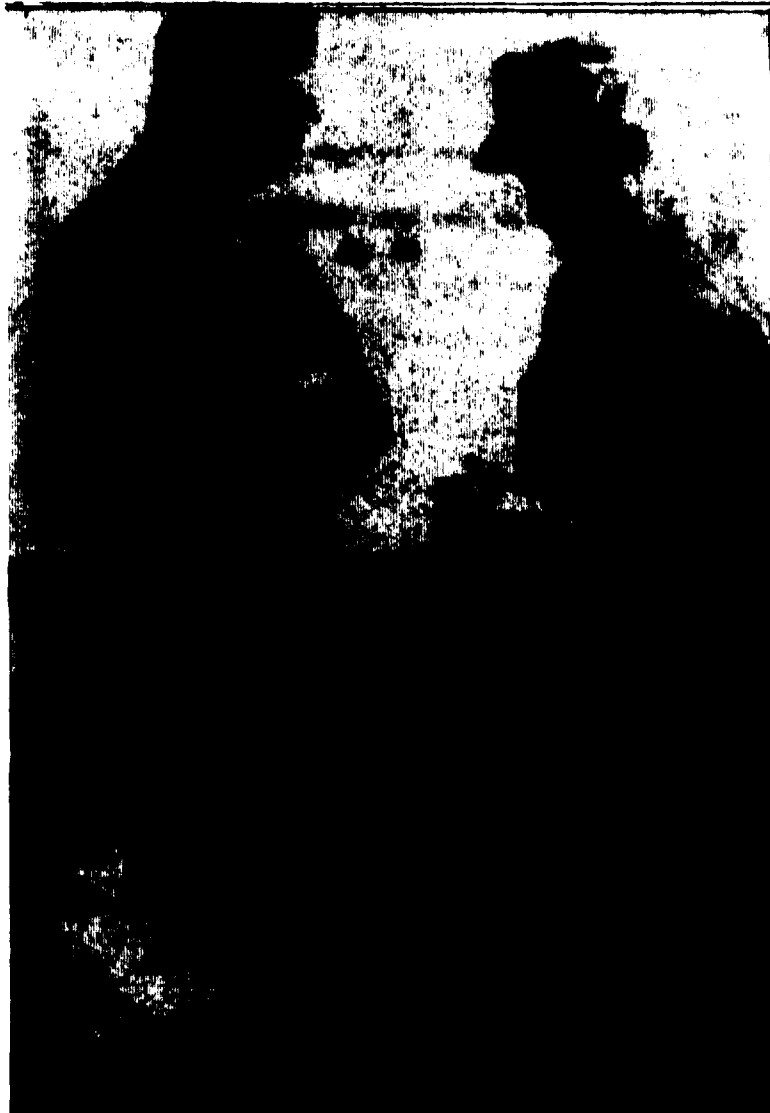

Both sides were seeking the credit for a politically popular move—an increase in the \$600 personal exemption for the first time in 21 years.

During the afternoon Tuesday, President Nixon sent a letter to Senate GOP Leader Hugh Scott clearly implying he would veto the Gore amendment, which originally called for a \$1,000 exemption.

**Too Quick Relief**  
The President said he opposed them in large part because they granted relief too quickly. It was for this reason that Percy drafted his proposal in a form that will grant delayed relief with only a minimum impact in the next two years.

Nixon urged the Senate to go along with the \$6 billion of tax relief in the bill as it came from the Senate Finance Committee. This was based primarily on cutting individual tax rates.

Gore dropped his \$1,000 figure Tuesday afternoon in favor of the \$800 figure after he said he had become convinced a clear majority of the Senate, including practically all Democrats, favored \$800.

LT. COL. THOMAS H. WITSCHI, right, a U.S. Army surgeon from Wading River, N.Y., holds live grenade in Saigon which he removed from the face of a Viet Cong prisoner using a pocket knife for a scalpel. Lee R. Miller, left, of Heidelberg, Okla., a demolition man, held the wounded man's head during the operation which was performed several weeks ago at Qui Nhon, South Vietnam. At bottom is an X-ray showing the grenade lodged in the prisoner's face. (AP Wirephoto via Radio from Saigon)

## Committee Shelves War Impact Inquiry

WASHINGTON (AP) — The Senate Foreign Relations Committee has quietly shelved Sen. J. W. Fulbright's bid for an inquiry into the impact of the Vietnam war on the mood and morality of America.

Fulbright, the Arkansas Democrat who heads the committee, said his idea was motivated by the alleged massacre of South Vietnamese civilians by U.S. soldiers.

**Sayings Not Topic**  
Fulbright said he did not propose an inquiry into the alleged slayings at My Lai itself. Instead, he said he wanted a hearing soon on the significance of the incident: "What is happening to us as a result of the war?"

A committee majority indicated opposition to such hearings now. Fulbright said they may be proposed again after Congress reconvenes in January.

Sen. George D. Aiken, the senior Republican member, said the proposal was an effort to see what ails the world. "I told him we ought to call some Washington taxicab drivers in and they could tell us what was wrong with the world," Aiken said. "He didn't laugh."

**National Disgrace**  
Sen. Daniel K. Inouye, D-Hawaii, called the My Lai incident a national disgrace, and said if there is a way out "it is to be found only through the prompt, complete and public investigation of what has occurred, the proper punishment of those responsible, and through every effort to determine why My Lai happened."

In a Senate speech Tuesday, Inouye, who lost his right arm in World War II combat, asked whether the nation can condemn the man accused of the My Lai killings while justifying "a policy of indiscriminate bombing and artillery attacks on inhabited villages and hamlets."

**Training Criticized**  
He also criticized U.S. military training, which he said permits references to the Vietnamese as "gooks, dinks, or slops."

"I think you can have war without shooting down women and children," said Sen. Ralph Yarborough, D-Tex. "These are war crimes and are against civilized law."

But Aiken said "I expect this kind of thing happens in every war."

While senators debated among themselves, protests over the alleged massacre were mounted in the Soviet Union and East Germany.

**Young Attorney  
New Legal Aide  
Of Gov. Milliken**  
LANSING (AP) — A middle-aged attorney walked into the executive office for a hearing and stopped short.

"I was expecting someone a little older," he told the legal advisor to Gov. William Milliken.

Joseph Thibodeau—looking for all the world like a college tennis champion or an up-and-coming young stock broker—shook hands solemnly and the hearing began.

At 28, Thibodeau now is officially the top legal aide to the governor of one of the largest states in the nation. Milliken boosted him to the \$22,500-a-year post last week, filling a vacancy left when former legal advisor David Dykhouse resigned to enter private practice.

"Too young," some capital observers suggest. "No political experience."

"A damned fine attorney," say others who know the University of Detroit Law School honors graduate.

Milliken and Thibodeau believe age doesn't make a difference.

**House Supports  
Nixon's Policy**  
WASHINGTON (AP) — President Nixon, who claimed one month ago today that the "silent majority" of Americans support his efforts to end the Vietnam war, has a 333-55 voting majority backing him in the House of Representatives.

The 6-1 margin came Tuesday on a resolution supporting the administration's "efforts to negotiate a just peace in Vietnam." Some of those voting for the resolution did so with reservations, however.

A last-minute addition to the resolution requests Nixon "to continue to press" North Vietnam to abide by a Geneva convention providing for the humane treatment of prisoners of war. The POW vote was 392-0.

But before the two days of wide-ranging debate was over, House leaders on both sides of the aisle came under fire for bringing the resolution to the floor under procedures banning amendments.

The POW proposal previously had been beaten by the House Foreign Affairs Committee.

It was brought up through a procedural device just prior to final passage of the resolution.

Fifty-four Democrats voted against the resolution. They were joined by Republican Rep. Ogden H. Reid of New York. Supporting it were 181 Democrats and 173 Republicans.

## Romney Eyes 'Revolution' If Reforms Nix

SAN DIEGO (AP) — Secretary George Romney of the Department of Housing and Urban Development said Tuesday the United States faces certain revolution unless it achieves basic policy reforms.

"It's later than we think in my opinion," the former Michigan governor told the opening session of the National League of Cities annual convention.

"I think we are drifting toward the precipice... I think we face the necessity of basic policy reform or the certainty of revolution."

At a news conference afterward, Romney said basic conflicts in U.S. society follow economic and social as well as racial lines but he did not elaborate on the theme of revolution.

However, he stressed in his speech the importance of the administration's "New Federalism" policy, a restructuring of the relations between the various layers of government.

"The New Federalism may be the last chance for state and local governments in America. If they strangle one another in shortsighted jealousy and petty conflict, the pendulum, in my opinion, will swing toward irreversible central authority and domination," he said.

Romney also called for a modernization of economic policy, particularly to meet the nation's pressing need for housing.

Romney's talk ranged from his present task, which he personally had cleared for release. In it, the secretary said it would be an exercise in futility to build huge mass transit systems without a change in population patterns.

"It is absurd for people who live in the suburbs to spend literally hours each day trying to get to jobs in the central city while people in the central city spend just as long trying to get to jobs in the suburbs," he said.

Romney said he believed that every American has the right to a home within a reasonable distance of his work.

"I believe that people more and more will exercise that right," he said.

Romney is the highest-ranking administration official to appear at the annual gathering of mayors and other city officials.

## Group Planning Christmas Card Barrage To GIs

BIRMINGHAM (AP) — A citizens committee known as Friends of the Boys in Vietnam is distributing hundreds of Christmas cards to be sent to servicemen in Vietnam through Gen. Creighton W. Abrams, U.S. commander there.

The large cards read: "To all our Boys in Vietnam. Merry Christmas. Happy New Year & May God be with you. We're with you all the way."

Across the front Americans are shown standing up on a map of the United States in support of servicemen.

"Half a million American boys are serving in Vietnam today," says Paul E. Kasper, committee chairman. "They have been subjected to the constant criticism of certain other Americans. Isn't it fitting we let them know how much we appreciate what they are doing?"

Kasper added, however, "this effort in no way is to be interpreted as affirming or disaffirming our country's present policy on Vietnam. This is a bipartisan united expression... to give the boys a boost at a time when I think they need it."

## Vandals Turn On Hydrants In Soo; Drain Reservoirs

SAULT STE. MARIE (AP) — Vandals caused what authorities termed "an extremely dangerous" situation Monday night, turning on 15 fire hydrants and virtually draining two reservoirs before the prank was discovered.

The standpipe reservoirs provide pressure needed for fire fighting. They were built and filled only last summer.

## Ban On My Lai News, Pictures Ruled Out

WASHINGTON (AP) — The U.S. Court of Military Appeals has ruled out a ban on further news and pictures about the alleged massacre of South Vietnamese civilians at the village of My Lai.

Tuesday's unanimous decision emphasized that the colonel who will preside at the court-martial of 1st Lt. William L. Calley Jr. seems to have all the power he needs to screen out any prejudicial publicity.

**Publishers Have Job**  
Publishers have the job of seeing that news stories are proper and accurate, the decision said, and military judges have the job of guarding court-martial against outside influence.

The ruling seems to support the view that news on the press have not been authorized by the Supreme Court and are probably unnecessary to assure a defendant a fair trial.

Moreover, the decision evidently does not accept the popular notion that a clash between the public's right to know and the defendant's right to a fair trial is inevitable.

**Injunction Sought**  
Maj. Kenneth A. Raby, Calley's military defense counsel, and Capt. Aubrey M. Daniel III, the prosecutor, had asked jointly that the court issue a pre-trial injunction against all American radio and television networks and stations, news services, newspapers and magazines.

They would have been ordered "to cease disseminating... any accounts, quotations, or statements by any person concerning any acts or events which were allegedly witnessed by him or her" in the Vietnam village March 16, 1968.

**Charged With Murder**  
They also would have prohibited use of "any photographs, sketches, or other pictorial reproductions purporting to represent the bodies of persons allegedly killed in the village."

Calley, now stationed at Ft. Benning, Ga., has been charged with the murder of 109 Vietnamese civilians in the village that day. He was then an Army platoon leader.

## Is Parochial Wedge For Milliken's Bill?

LANSING (AP) — Parochial could be the lever Gov. William Milliken's Senate backers use to try and pry other parts of his education reform program from the Legislature to his desk.

**Aids Postponement**  
Senate Majority Leader Emil Lockwood, R-St. Louis, moved Tuesday to postpone action on a motion to reconsider the 29-15 vote by which the Senate passed a \$1 billion-plus school aid bill that includes the controversial \$25 million appropriation for private and parochial schools.

Lockwood's motion was greeted with a chorus of "noes" from a gallery packed with some 400 persons—most called to Lansing by the Michigan Congress of Parents and Teachers to oppose parochialism.

**Senators Said 'Aye'**  
Senators said "aye," however, and kept the aid bill and parochialism in legislative limbo. The reconsideration motion, offered by parochial foe Basil Brown, D-Highland Park, was to be taken up again today, but Lockwood indicated he might continue postponement motions.

He noted "an understanding" that Milliken has said he considers passage of the aid bill and tax measures to pay its price would be insufficient to constitute "education reform."

The governor has hinted he might veto those measures if other reform proposals are not passed along with them.

**Action May Be Stalled**  
Parochial proponents may be willing to hustle reform measures along if the nonpublic aid measure is their "carrot."

Parochial opponents, on the other hand, may be just as willing to work on other reform ideas to stall final action on the measure.

Brown said party caucuses had decided on postponement because of the "grave importance" of the bill. He noted fiscal implications and a pending court suit he and two other parochial foes filed Tuesday.

**West and Central Upper Peninsula** — Occasional light snow, windy and colder today and tonight. Heavier snow around Lake Superior, highs near 25. Low tonight near 10. Partly cloudy and cold with chance of snow Sunday.

**East and Central Lower Peninsula** — Partly cloudy and cold with chance of snow Sunday. Highs near 25. Friday's outlook: fair and warmer. Winds southerly today 15 to 25 mph, decreasing to 10 to 20 mph tonight. Probabilities of precipitation: 60% today, 60% tonight and 40% Thursday.

## Poisonous Gas Problem Seen

WASHINGTON (AP) — The removal of American poisonous war gases from Okinawa may involve shipment of upwards of 10,000 tons of packaged materials in the United States, according to Pentagon sources.

The scope of the shipment was barely hinted at Tuesday in a Pentagon announcement that lethal chemical weapons in Okinawa would be relocated in this country beginning this month or in January.

The Pentagon said only that 500 shipments would be needed to complete the pullout ordered last July after 24 Americans on the island had a brush with death from a leaky nerve gas container.

Although the quantities were

## Weather

**East and Central Lower Peninsula** — Partly cloudy and cold with chance of snow Sunday. Highs near 25. Friday's outlook: fair and warmer. Winds southerly today 15 to 25 mph, decreasing to 10 to 20 mph tonight. Probabilities of precipitation: 60% today, 60% tonight and 40% Thursday.

## Group Asking \$5,500 Income For U.S. Poor

WASHINGTON (AP) — President Nixon's plea for support of his legislative proposals to fight poverty has drawn bitter criticism from many delegates to the White House conference on hunger.

Much of the fire came Tuesday from participants demanding a \$5,500 yearly guaranteed minimum income for the poor and the shipment of emergency food supplies to underfed citizens.

There was outspoken disappointment over President Nixon's opening speech Tuesday to the 3,000 delegates to the three-day Conference on Food, Nutrition and Health.

**Support Sought**  
Nixon appealed for support of his three welfare bills before Congress, which he said "should virtually eliminate the problem of poverty as a cause of malnutrition."

"That's not true," said Mrs. Peter Edelmann, director of the Washington, D.C., Research Project, and a member of a conference panel considering minimum income.

**Calls Speech 'Lousy'**  
She described the President's speech as "lousy," it said nothing new.

## Today's Chuckle

Once there was a Texan who was so rich that he owned his own unlisted telephone company.

The clothing is shipped overseas to aid the poor in under-privileged countries. (Daily Press Photo)

## Christmas Mail Schedule Given

"Don't take a chance on disappointing someone you love, send your gift parcels and cards early enough to insure their delivery before Christmas, not after," Escanaba Postmaster James E. Pryal said today.

Such disappointments can be avoided if Christmas mailers will observe the following mailing schedule.

Gift parcels going to distant states should be mailed by Dec. 1. Parcels going to local and nearby areas should be mailed not later than Dec. 13.

The name and address of both the sender and addressee should be enclosed in each gift parcel to permit identity in case of damage or loss of the outside address label. The outside label should be placed on only one side of each parcel.

Greeting cards going to distant states should be mailed not later than Dec. 10. Cards going to local and nearby areas should be in the mail by Dec. 13.

Postmaster Pryal also emphasized the importance of using ZIP Codes and adding a return address to all Christmas mail. It only takes a couple extra seconds, but pays big dividends.

ZIP Codes enable postal employees to sort and handle the mail faster. A return address insures that mail that can't be delivered because of an illegible or incomplete mailing address will be returned to the sender.

A return address is important. Last year over 32 billion pieces of mail went to postal dead letter branches because the mailing address couldn't be read and there was no return address on the envelope.

## Obituary

### MRS. DELINA DRUDING

Funeral services for Mrs. Delina M. Druding were held at 9 a. m. today at All Saints Church with Magr. Matt La-Violette officiating. Burial was in Fernwood Cemetery. Pallbearers were Roger Sundling, William Brunette, Wilfred Le-Roux, Rene LaFleur, Frank Quinn and Paul Cola.

# Goal For Region Is 50,000 More Jobs

Regionalism as a method of government that coordinates private and public effort could bring 50,000 additional jobs to the Upper Great Lakes Region, says Alfred E. France, Washington, D. C., co-chairman of the Upper Great Lakes Regional Commission.

"We are addressing ourselves to a five-year plan of economic development whose primary goal is the generating of job opportunities," France told the Upper Peninsula Committee for Area Progress at its luncheon session in Escanaba Tuesday.

Public funded projects and the investment of private capital are necessary to realization of the goal — with \$450 million in publicly funded programs and \$1 billion plus in private money needed, said France.

The application of tax credits to apply on private investments is one of the hoped-for incentives and Congress appears to be interested in a tax credit program that could become a reality within the next two years, France continued.

### Rural And Urban

The top federal representative on the Upper Great Lakes Commission, France was appointed to the post by President Nixon in April this year and the appointment was confirmed by the Senate on June 24. The Commission is one of five established under the Public Works and Economic Development Act and its objective is to increase jobs and income in 119 counties in Minnesota, Wisconsin and Upper Michigan.

"More and more congressmen are becoming increasingly aware that the problems of the cities are related to those of the rural regions, and that movement of people from under-developed areas to the cities is a part of the urban problem," France said.

The aim of the Commission and the Department of Commerce is to promote the concept of regionalism — the "new federalism" — as a method of coping with the problems of governing a growing society, France said.

"If our free society is to survive, then it must be adaptable, and regionalism may be the means by which government can be brought more closely to those it serves — by giving the people an opportunity to determine how they want to meet their problems," France emphasized.

### Model Program

The Upper Peninsula Committee on Economic Progress was complimented by France for its accomplishments over the past eight years, and he said that a "model" organization for coordination of effort is being developed in the Central Upper Peninsula.

This agency, the Central Upper Peninsula Economic Development District, with George Ruch of Escanaba as its director, is establishing "a cooperative model for the Upper Great Lakes Region," said France. "We sincerely hope it will succeed," he said.

France served four terms as a member of the Minnesota legislature before his appointment as federal co-chairman of the Commission. He noted that the trend is toward decentralization of federal programs with regional and state cooperation and responsibility increasing.

The Commission provides the

development District, with George Ruch of Escanaba as its director, is establishing "a cooperative model for the Upper Great Lakes Region," said France. "We sincerely hope it will succeed," he said.

UPCAP is providing \$24,700 to complete the \$26,630 cost of administering the program for one year.

## UPCAP To Get \$71,930 Grant

WASHINGTON—The Economic Development Administration has approved a grant of \$71,930 to aid in planning for economic growth in each of Upper Michigan's 15 counties, U.S. Senator Robert P. Griffin (R-Mich.) announced today.

The grant will go to the Upper Peninsula Committee for Area Progress, 118 N. 22nd St., Escanaba. UPCAP is an area development organization seeking to create jobs and raise income levels in the Upper Peninsula.

Eleven of the counties are eligible for EDA assistance because of high unemployment or low family incomes. They are Alger, Baraga, Chippewa, Delta, Gogebic, Houghton, Iron, Keweenaw, Lake, Mackinac and Schoolcraft.

UPCAP is providing \$24,700 to complete the \$26,630 cost of administering the program for one year.

states with a voice in federal programming, and there is an effort toward "block grants" to the states — but the thinking in Washington is for continuing control of federal funds.

Tour Of Industry  
Gov. William Milliken of Michigan, who with the Governors of Wisconsin and Minnesota are members of the Upper Great Lakes Regional Commission, sent a telegram to the UPCAP meeting expressing regret at not being able to attend — with "assurance of my deep interest" in its meeting.

The delegates of the Upper Peninsula Committee for Area Progress and representatives of municipal, county, state and federal agencies were in Escanaba for the meeting conducted by Harold Dettman, St. Ignace, UPCAP chairman.

The group toured two expanding industries at Escanaba —

## Louis Mueller Dies Suddenly

MANISTIQUE — Louis W. Mueller, 75, of Indian Lake, died suddenly Tuesday noon at his home. He was born Feb. 23, 1894 in Forest Park, Ill. and had lived most of his life in Manistique.

He had formerly been associated with his father in the bakery business. Mr. Mueller was a veteran of W. W. I and was a member of the DAV and the Manistique Elks Lodge.

He is survived by two sisters, Mrs. David Smith of Pens Grove, N. J. and Dorothy Mueller of Indian Lake; and one brother, William of Manistique.

Friends may call at the Rauscher and Jackson Funeral Home from 7 to 9 p. m. Wednesday and funeral services will be conducted at 2 p. m. Friday with the Rev. Theodore Deane officiating. Burial will be in Fairview Cemetery.

## In Service

# MANISTIQUE

Joseph McDonough

Roy Anderson

REINS OF COMMAND in the Public Safety Department will pass from Safety Director Roy Anderson to Petrolman Joseph McDonough when Anderson retires from the Manistique Police Department on Jan. 1. McDonough, 48, was named to head the Safety Department last week. He has been a police officer in Manistique since 1961. Chief Anderson was named head of the department shortly after joining the force in 1936.

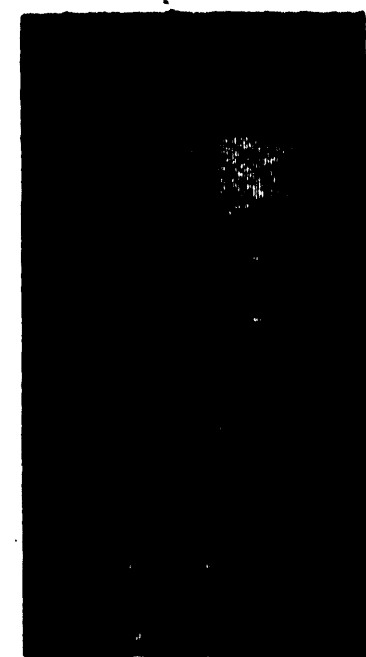

## Nino Green Demo Convention Speaker

Attorney Nino Green of Escanaba will review and report on recommendations of the Political Reform Commission when Schoolcraft County Democrats gather for their county convention Thursday night at the Three Mile Supper Club. Green is 11th District treasurer of the party and is associated with the law firm of Green, Jason, Casselman and Jason in Escanaba.

During Thursday night's convention, delegates to the Dec. 13 Iron Mountain District Convention will be chosen as will delegates to the State Convention in Detroit on Jan. 17 and 18. The recommendations of the Reform Commission will be under consideration by the state convention delegates in January.

William Haber, former Dean of the School of Business, University of Michigan, was chairman of Michigan's Reform Commission with Sen. Bender M. Levin as associate chairman.

Thursday night's activities will get underway with a social hour from 6:30 to 7:30 followed by a 7:30 postcard supper with the Women's Republican Organization in charge. The general public is invited to attend. Tickets are on sale at \$1.50 per person.

Nino Green

## Santa To Take Part In Parade On Friday Night

Santa Claus, Mrs. Claus and some of their "elves" have confirmed their arrival in Manistique on Friday to take part in the walking parade scheduled to begin at 8 p. m. The parade will form at the Lincoln School and march to the Senior Citizens Service Center, opposite the post office. Santa and Mrs. Claus and their elves will return to Manistique Saturday when their headquarters will be the Lincoln School Gym. They plan to visit with area children between 10 a. m. and 12 noon and again from 1-3 in the afternoon. Before returning to the North Pole, they'll visit the Manistique Manor, the Schoolcraft Memorial Hospital and the Medical Care Facility to extend greetings.

## Knitting Club Elects Officers

Officers were elected when the Happy 4-H Knitting Club was organized on Nov. 24. Mary Brandstrom was chosen president; Brenda Nygard, secretary; and Mary Beth Creeden, treasurer. Mrs. Howard Handorf is leader of the group. Dues of 10 cents will be collected at each meeting. Anyone interested in joining the club may contact the officers, leader, or Peggy Hawn.

## Briefly Told

Tabulated by Michigan State Police on Monday were Joel Dougherty, Davison, no registration proof; Thomas Austin, Southfield, speeding; and John Eder, Antigo, Wis., expired registration plates.

The hot lunch menu for Thursday at Doyle, Hiawatha, Fairview and Central schools will include baked chicken, whipped potatoes, cranberry sauce, fruit and beverage.

The tiger, a member of the weasel family, is one of the few animals to prey consistently upon the porcupine.

## Reservations Available For Ruppe Dinner

Reservations are still available for the special Christmas party for Congressman Phil Ruppe (R-Houghton) on Sunday. The party will be held at the Fireside Inn from 5-10 p. m. and will include a buffet, punch and live entertainment.

Area "Friends of Ruppe" are sponsoring the affair—one of several similar events being held this week throughout the 11th District—to show appreciation for Ruppe's efforts on behalf of this district and to help reimburse him for out-of-pocket expenses incurred in representation of the district.

The "Friends of Ruppe" stress that there is absolutely no connection between this event and other fund-raising activities being conducted by local Republicans or the State Central Republican committee and that the party is not a political function.

Area residents who have not yet confirmed their reservations at Sunday's party may do so by calling Mrs. Lois Ott, 341-3175.

## Trio Inducted Into Military

Three young men left Tuesday morning for induction into the armed forces and two left for pre-induction physicals, according to Mrs. Ann Jorgenson, Selective Service clerk.

Inductees leaving at 10:45 a. m. included Patrick Weber, son of Mr. and Mrs. Henry Weber, 615 Range St.; Clifford Cool, son of Mr. and Mrs. Clifford Cool Sr., 500 Gero Ave.; and Leonard Walters, son of Mr. and Mrs. Robert Walters, 138 N. Cedar St. Each were presented a gift and best wishes on behalf of local veterans' groups by Clifford Lambert.

Leaving for pre-induction were Gregory Lambert, son of Mr. and Mrs. Clifford Lambert, 124 S. Third St., and Donald Chatter, son of Mr. and Mrs. Wilbur Chatter, 118 Chippewa Ave. John Hanson of Germantown, a transfer from Massachusetts, completed the group. A transfer out was former resident Steven Fish, now registered with the Longview, Texas office.

Mrs. Jorgenson said Tuesday's call was the last one under the old system of age-sequencing. The November and December calls were canceled nation-wide and the inductees leaving Tuesday were the remaining three of the five originally called for October.

## Tax Reform Next Stop For Senate

WASHINGTON (AP) — After settling on a 20 per cent oil depletion allowance, the Senate today tackled the most controversial issue in the massive tax reform bill—a proposal to boost the 1960 personal income tax exemption.

Sen. Albert Gore, D-Tenn., had the support of Democratic leaders for his pending amendment to raise the exemption to \$1,000 in four successive annual steps starting next year. But President Nixon is strongly opposed to the increase and there have been indications he might veto the increase.

The administration spent a busy day Monday working to scuttle the amendments. Edwin S. Cohen, assistant secretary of the Treasury, issued a warning that Gore's amendment would cause a big additional net revenue loss to the government which "could not be countenanced."

## Hospital

Admitted to Schoolcraft Memorial Hospital Monday were Robert Hartley, Hildreth Binder and Jack Badgero.

Discharged were Doris DeRothers, Donna Guertin, Audrey Brady, Robert Swisher, Martha Leppke and Elizabeth Venturolo.

## Wants Utility Tax For State Training Plan

LANSENG (AP)—A statewide occupational training program—paid for by a 1 per cent tax on utilities—has been proposed by a Democratic state senator.

Sen. James Gray of Warren, chairman of a special subcommittee which spent much of the summer studying vocational education, introduced two bills implementing his proposals Tuesday. Senate Education Chairman Anthony Starnes, R-Kalamazoo, also signed the bills.

Gray said the tax measure to finance the secondary level program would bring in an estimated \$50 million annually. The bills, he said, were needed "more than anything else" during the current education-oriented legislative session. He expressed hopes they would be passed before Christmas.

"At this moment, we have frighteningly little to be proud of in our occupational education offerings in our schools," he said. "It is an insult to our integrity, it is degrading to the students who attend our schools. 'People have developed an attitude of academic snobbery that says 'college or failure.'"

Gray continued. "Really we're failing the majority of students by not providing occupational training."

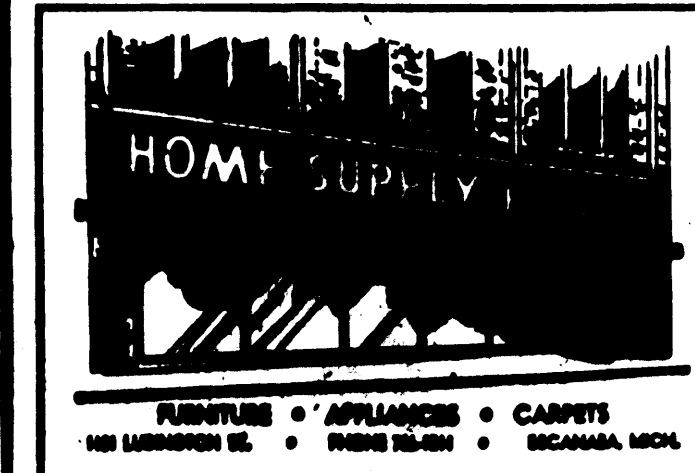

One bill would set up a bureau of occupational training within the State Education Department.

It provides for the state to be divided into 10 occupational training regions, each with a nine-member board named on a "one-student, one-vote" concept by local boards.

Regional boards would name their own directors, who in turn would serve on a 21-member state advisory council on occupational training. That council also would include 11 persons named by the state board of education.

## UPPER MICHIGAN'S MOST COMPLETE FURNITURE AND APPLIANCE STORE

"I'm waiting for a friend."

## Santa and the DUMBBELL

By Lucrece Beale

Synopsis: Poor Booby Bobby. His schoolmates call him Dumb. Even his parents think he is addled. He decides he needs a friend and he goes to town to buy one.

### CHAPTER TWO SEARCH FOR A FRIEND STORE

EARLY the next morning Booby Bobby went out to buy a friend.

It would cost a lot he knew and he hoped he had enough to pay for it. He got \$1.17 from the toe of an old tennis shoe. He had been saving to buy Christmas presents but he thought if he bought a friend it would be a present for everyone.

The downtown streets were strung with holly and wreaths and tinsel streamers. The store windows were packed with Christmas goodies.

Booby Bobby went into a department store that sold everything from dishpans to fur hats.

"I want to buy a friend," he said to the lady in the Information Booth.

"A what?"

The Information Lady glared at him. "Are you some kind of a nut?"

"I can pay!" said Booby Bobby holding out his fistful of money.

"I don't have time for foolery," snapped the Information Lady crossly. "Go home to your mother where you belong."

A group of shoppers swept Booby Bobby with them into the street.

"Please, sir," said Booby Bobby to the doorman. "Can you tell me where there is a friend store?"

"You pulling my leg?" snorted the doorman. "Whoever heard of such a store?"

"There are Pet Stores," said Booby Bobby. "Baby Stores. Men's Stores. There must be a friend store."

"Look, Woodenhead," snapped the doorman. "You better just go in a Toy Store and buy yourself a rattle or something."

Booby Bobby went to a shoe shine stand and sat down. He was getting a little discouraged.

A shoe shine boy, only a little bigger than he, kicked him

on the shin. "What're you doing sitting at my stand, Lunk-head?"

Booby Bobby explained that he was resting because he had come to town to buy a friend but could not find a friend store.

The shoe shine boy's eyes popped. "You off your rock-er?"

Booby Bobby shook his head. "See! I have money and everything!"

"How much money do you have?" asked the shoe shine boy with interest.

"One dollar and 17 cents," Booby Bobby held out his fist.

"Listen," said the shoe shine boy. "You give me the money and I'll be your friend. Like you buy me, see?"

Booby Bobby was delighted. He gave the boy his money.

"Now you come home with me," he said. "And no one will call me names again because people don't do that to people who have friends."

"Yeah," said the shoe shine boy. "Well, now you wait a minute and I'll be right back."

He took his equipment and Booby Bobby stood there and waited. The morning passed and the afternoon. Then it was night and his friend never came back.

The old man who ran the stand said, "You better go home now."

"I'm waiting for my friend," said Booby Bobby.

"Listen, boy. I heard the whole thing this morning. You will never see 'friend' or money again. You are a simpleton!"

"But, how will I get a friend?" asked Booby Bobby.

"Write to Santa Claus," jeered the old man. "Maybe he'll bring you one for Christmas!" Laughing at his own joke he shut up his shop and went off home to dinner.

Tomorrow: Listen to Santa

### District Court

John Wils, Rte. 1, Rapid River was found guilty recently in court on a charge of being a minor in possession. Wils was fined \$15, assessed \$4.50 costs and a \$3 judgment fee.

Edward Bergeson, 3110 29th Ave. S., Escanaba, was found guilty recently in court on a charge of improper lane usage. He was fined \$50, assessed \$10.50 costs and a \$3 judgment fee.

### Trenary

Communion Service  
The First Lutheran Church will have a Communion Service Sunday, Dec. 7 at 11:15 a.m. There will be special Advent music sung by the choir. Children of the Sunday School will rehearse the Christmas Program, "From Heaven Above," at 10 a.m. The program will be given Sunday, Dec. 14 at 7:30 p.m. at the church.

Medieval university rules forbade a student to bring wine to the examination room, or to lie in wait with a dagger for the examiner who failed him.

## Alma Cousineau Bride Of William DeRousha

Alma Cousineau exchanged marriage vows with William DeRousha in a 10 a.m. ceremony Saturday, Nov. 29 at the Free Methodist Church in Manistique. The Rev. John A. Griffin officiated at the nuptial service.

Parents of the couple are Mr. and Mrs. Melvin Cousineau, Rte. 1, and Mr. and Mrs. Raymond DeRousha, Sixth St. Lane, Sault.

The former Miss Cousineau chose a chantilly lace over satin gown with floor length full skirt, fitted bodice and long sleeves. Her fingertip veil was secured by a crown of rhinestones and she carried a cascade bouquet of red roses.

Tanya Adams, niece of the bride, was maid of honor and Margrite DeRousha was bridesmaid. They wore identical gowns of blue over white lace with shoulder-length veils. They carried cascade bouquets of blue daisies and white mums.

**Miniature Bride**

Kathy Garvin, cousin of the bridegroom, was the miniature bride and gowned identical to the bride.

Stephen DeRousha, brother of the bridegroom, was best man with Raymond DeRousha as groomsmen. Ushering were Ronald Adams and John Adams, nephews of the bride.

Mrs. Cousineau attended her daughter's wedding in a blue dress with matching accessories. The bridegroom's mother, Mrs. DeRousha, wore a gold dress. Both mothers were presented corsages.

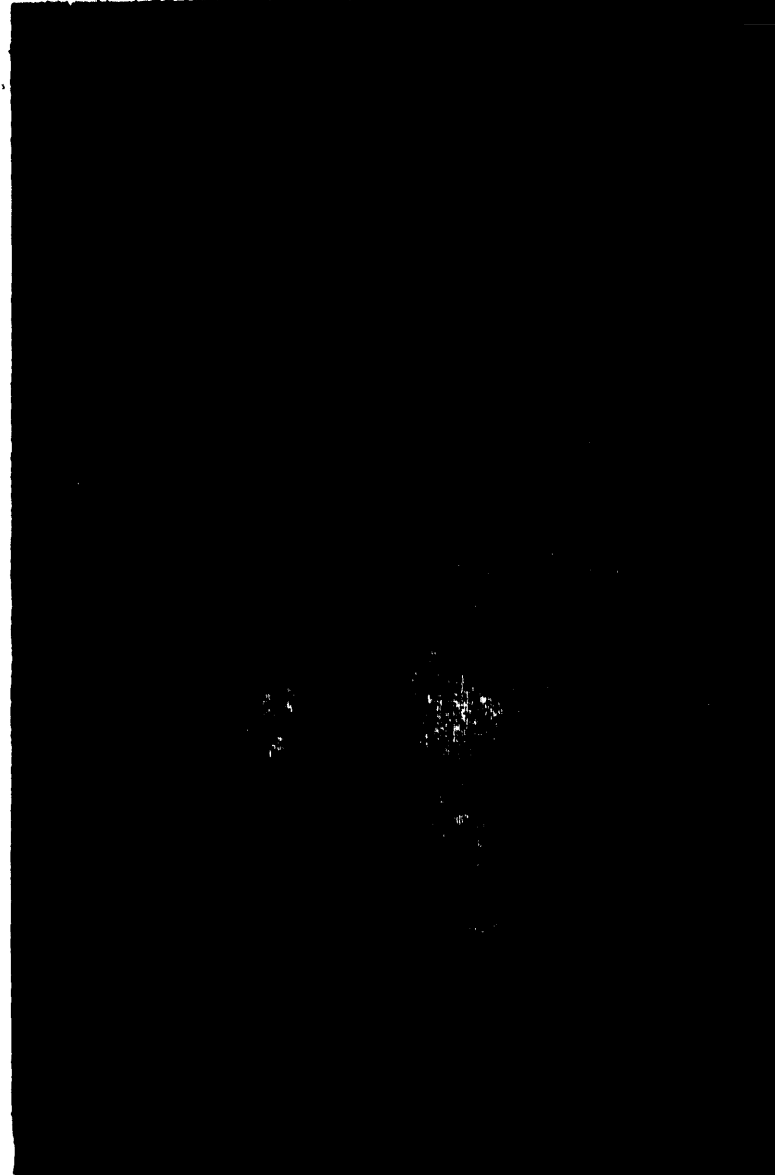

## Births

**BALDWIN** — Mr. and Mrs. Edwin Baldwin of 111 S. 9th St. Wells welcomed their first child, a daughter, Rebecca Fay, at 10:13 p.m. on Dec. 1. The infant weighed 6 pounds and 8 ounces at birth. The mother is the former Sandra Lantagne.

## Hairdressers Plan Party

Hairdressers of Escanaba Affiliate 65 will hold their Christmas Party Dec. 6 at the Dells Supper Club. Cocktails will be served at 6:30 p.m. followed by dinner at 7:30.

Those attending are to bring a white elephant gift and a gift for a child at the Good Will Farm at Houghton. Call 786-3419 or write Betty Rodgers, 414 S. 10th St., Escanaba, for reservations.

Mrs. William DeRousha (Mincoff Photo)

## Determination, Help, Enables Girl To Walk

**LIVONIA (AP)**—With a lot of help from some friends, 11-year-old Dorothy Messum, is learning to walk.

Dorothy was crippled by polio while an infant in Punta Gorda, British Honduras, where she was born. When she got older, she was sent to a special school for crippled children run by Sister Mary Serapia in the capital city of Belize.

Sister Mary contacted the Michigan Partners of the Alliance with British Honduras, a state-sponsored organization designed to promote international goodwill. One member of the alliance, Dr. Alfred Swanson of Grand Rapids, arranged for Dorothy to have corrective surgery on her legs in Belize.

But after the surgery was successfully complete, Dorothy still needed leg braces and extensive physical therapy which was not available in Belize.

A determined Sister Mary introduced the girl to Mr. and Mrs. James Szczesniak, a couple from the Detroit suburb of Livonia who were vacationing in the Central American country. After Sister Mary explained the problem, the Szczesniaks invited Dorothy to stay with them while undergoing therapy at Detroit's Mount Carmel Mercy Hospital.

When she first arrived in Detroit, Dorothy had to be carried. Now, with the help of crutches and braces, she is walking. She'll return to Sister Mary's school in Belize Dec. 13.

Stay with brown eyebrow pencil if you can—harsh black even for the blackest brows looks like stove polish if it isn't discriminately used, and seldom is.

## UPPER PENINSULA LIONS CLUBS

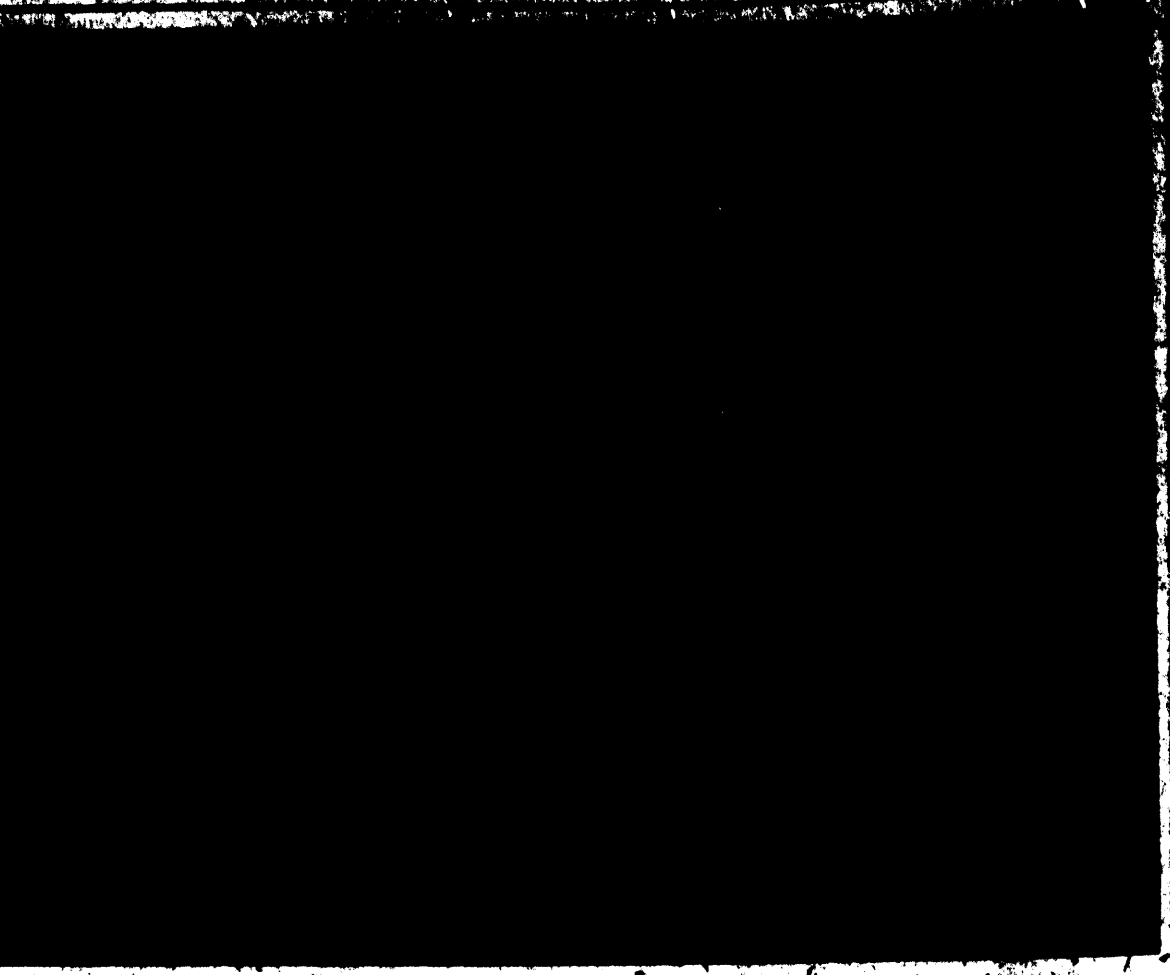

The 11th Annual Christmas Dinner for Newberry State Hospital patients is under way and at a recent meeting of the Board of Directors of the Bark River Lions Club they decided to participate.

Leo Knauf, president of the Bark River Lions Club urges area residents to support this most worthwhile endeavor. He has designated the post office and Adams Grocery as collection depots.

"Many of the almost 1,300 hospitalized at Newberry State Hospital have been forgotten by families and friends," Knauf said, "and we are seeking gifts to help assure these patients that society has not forgotten them."

Knauf suggests that while you are doing your Christmas shopping, select an extra gift or two to help make this project a success. Among the most frequently requested gifts are new clothing of all descriptions, cosmetics, cigarettes and other smoking supplies, toiletries, small transistor radios, hosiery, slippers, socks, stationery, instant coffee, candy, hobby-craft sets, and paint by number sets.

Gifts need not be wrapped and it is hoped that all contributions will be in by Dec. 16 at which time the gifts will be transported to the hospital.

UPPER PENINSULA LIONS CLUBS are again collecting articles for their annual project of Christmas gifts for Newberry State Hospital patients, and the Bark River Lions Club is again participating in the drive. Pictured above is a patient applying a gift made possible through the Lions Clubs' annual collection.

## Rock

Hunters who have returned home after spending a week at Herb's Rap Top Hunting Camp are Elmer Hennig and Bob Kenny of Chicago, Clifford Carlson, John Scheffler, Bill and Herb Westlund of Rock. The Westlunds each killed their license with an eight point buck.

Mrs. Bill Westlund and Mrs. John Scheffler of Rock, Donald Stevenson of Perkins and Mr. and Mrs. Art Stevenson of Gladstone returned Saturday after attending the funeral of their grandmother, Mrs. Mary Klotz, 92, at Stevens Point, Wis.

Invisible facial hairs grow downward on the face, so gently blend in your foundation with light downward strokes and little pressure for a better finish. This helps keep fine hairs flat against the face.

# Advent Services At Calvary Begin Tonight

Mid-week Advent services will be held at the Calvary Lutheran Church, Rapid River each Wednesday during Advent beginning today, Dec. 3.

"The Expected Guest," is the theme for these services which will include a message, an anthem by the choir and congregational singing of Advent and Christmas hymns.

On Dec. 3 the Rev. Philip Nancarrow, Trinity Episcopal Church, Gladstone will bring the message, "Christ Was Expected," Dec. 10, Pastor Kent Palmquist, Evangelical Covenant Church, Gladstone, will bring the message, "Christ Came," Dec. 17, Pastor William Verhelst, Memorial Methodist Church, Gladstone, will bring the message, "Christ Is Expected."

The Rev. George Olson is pastor of the church and Mrs. Russell Case is the organist. Members and friends are invited to attend these mid-week services at 8 p.m.

# Nancy Cutler Named 1970 Apple Queen

GRAND RAPIDS (AP) — Nancy Day Cutler, 19, of Pentwater, was crowned 1970 Michigan apple queen Tuesday at the 19th annual state contest.

The 5-foot-6 young woman is a coed at Grand Valley State College. He has blue eyes, light brown hair and weighs 120 pounds.

Miss Cutler was chosen from among six finalists, who represented major apple growing counties in Michigan.

Michigan Apple Committee and Michigan Horticultural Society cosponsored the contest, which also was part of the 99th convention of the horticultural society.

Wendy Sue Kalina, representing Berrien County, was first runner-up, and Jeanne Eader, representing Oceana County, was second runner-up. Other contestants included Lois Felker, Allegan County; Patricia Jo Mallon, Kalamazoo County; and Nancy Seebach, Kent and Ottawa Counties.

# Women's Activities

## Isabella Circle Christmas Party Set For Monday

Reservations for the Daughters of Isabella, Trinity Circle 362 dinner and Christmas party Monday at the Teamster's Hall are to be made by Dec. 5 by calling Mrs. Francis Gray, 786-5818, Mrs. Louis Carr, 786-7370 or Mrs. Herman Polmateer, 428-2225.

Other committee members for the Christmas party include: the Mesdames, John Cass, Edna Ambeau, Herbert Barry, Eleanor Weber, William Ruska, Orville Morrison, George Frasher Sr., Romeo Thivierge, Alfred Anderson, Earl Runkel, Clinton Priester, Helmer Peterson, Merle Gregory, Clinton Groos, Cliff O'Donnell and Miss Ruth Ford.

There will be an exchange of Christmas gifts and the dinner is for members only. The next meeting will be a business meeting Jan. 12 with Mrs. Walter Snyder, chairman.

## Isabella

Mrs. Charles Blowers has returned from Hutchinson, Kan. where she visited relatives.

Mr. and Mrs. B. Engle of Lima, Ohio spent the week at their cabin at Isabella Pine Grove Resort.

Dr. and Mrs. Kent Ellis flew to Saratoga Spring, New York to spend the Thanksgiving holiday at the home of their daughter and son-in-law, Mr. and Mrs. Vell Avery.

Mr. and Mrs. Wayne Groleau and their five children spent the weekend at their summer home on Moss Lake.

Donald Green of Southfield, Mich. is hunting from his cabin on Moss Lake.

Mr. and Mrs. Norman Friedman of Monroe, Mich., have purchased the Gust Moberg farm and are spending the hunting season there.

Mrs. Al Asplund and daughter Darlene, and Mrs. Beda Sundin of Cunard visited Saturday at the Harvey and Ted Sundin homes.

Mrs. Robert G. Kuprion

## Penny Lou Johnson, Robert Kuprion Wed

Bethany Lutheran Church in Escanaba was the setting for the October wedding of Penny Lou Johnson of Escanaba and Robert Glenn Kuprion of Louisville, Ky.

Officiating at the double ring ceremony at 4 p. m. was the Rev. Walfred E. Nelson. Soloist was Mrs. David Dahlquist and organist was Don Aronson.

The bride is the daughter of Mr. and Mrs. Marvin S. Johnson of Escanaba and parents of the bridegroom are Mr. and Mrs. Arthur Kuprion Sr. of Louisville, Ky. The bride was given in marriage by her father.

For her daughter's wedding Mrs. Johnson wore a two piece ensemble of gold and moss green with matching accessories. She was presented a corsage of pale yellow roses.

Following the ceremony a buffet dinner was held at the Delta Supper Club. After a wedding trip through Kentucky, the couple are now at home in Louisville.

Guests attended from Kentucky, Illinois, Lower Michigan and Georgia.

## Germfask

A former resident and husband, Mr. and Mrs. Gary A. Willoughby of Ypsilanti are the parents of a son, Gary Alford Jr., born Nov. 8 and weighing 8 pounds and 8 ounces. Mrs. Willoughby is the former Gloria Holbrook. Grandparents of the baby are Mr. and Mrs. Reuben Willoughby of Ypsilanti and Mr. and Mrs. Charles Holbrook of Germfask.

Word was received of the birth of a daughter to a former resident and husband Mr. and Mrs. Glenn Friese of Conklin, Mich., on Oct. 30. The infant weighed in at 8 pounds and 11 ounces. She has been named Susan Marie. Mrs. Friese is the former Lois Marie Swisher. Maternal grandparents of the baby are Mr. and Mrs. Lorne Swisher of Cedar Springs.

The bridegroom was attired in lime green floor length princess line satin gowns styled with Victorian necklines and bell shaped sleeves. Lace trimmed the necklines and sleeves. The gowns were styled by the

# Delta Club

Nov. 30 through Dec. 1 has been proclaimed Delta Club Week by Governor William Milliken. During that week attention is called to the important rehabilitation program being conducted at the Rochester, Mich. Leader Dog School.

The non-profit school, Leader Dogs for the Blind, was founded in 1929 by Lions of Michigan—and has since trained nearly 3,900 "Leader Dog" teams (Leader Dog and blind person).

Leader dogs are furnished without charge, to all eligible applicants. Last month the dog given by the Eugene Hanson of Bark River became the leader dog for Miss Bente Trade of Denmark. This was done through the Bark River Lions program.

In addition to furnishing operating funds, Lions are always on the look-out for good, friendly German Shepherds, Malamutes, Huskies, Labrador and Golden Retrievers — between the ages of one and two—for the Leader Dog Training program. All dogs are contributed; none are purchased.

Anyone having a dog which they think may qualify should contact any Lion member. Also, anyone knowing of a blind person interested in obtaining a Leader Dog, see a member of the local Lions Club. Unfortunately there are still many eligible blind people who do not know the Lions are anxious to help them and the Leader Dog School still needs dogs.

## Events

Gift, Bake Sale

Delta County Democratic Women's Club is having a gift and bake sale Friday at the Ad- vanced Electric Co. beginning at 9:30 a.m. continuing through 8 p.m.

Christmas Party

Delta Duplicate Bridge League will have their annual Christmas Party Dec. 13 at the Stone House. Reservations must be made before Dec. 11 by calling 786-7749 or 786-7944.

SINGER AND RECENTLY betrothed Tiny Tim, right, meets Princess Margaret Sunday night at the London Palladium in London, England. The meeting occurred after a charity show aiding the Invalid Children's Aid Association of which the princess is the president. Others in the photo are unidentified. ## Milliken Wants To Swat Litterbug Good

LANSING (AP)—Delegates to a conference on waste have been told that the litterbug is a threat to even the most effective disposal programs.

In remarks at the governor's conference on solid waste management, Michigan Gov. William Milliken said Tuesday "it's entirely possible that we could develop effective programs for the disposal of waste by local governments and industry, only to lose the war to the guerillas—the private citizen who belongs to that unorganized army of litterbugs."

Milliken said tough laws are needed for the litterbug. "The private desecrator who kicks beauty in the face while no one is looking," he referred to such tactics as "a host of empty beer cans dropped from a car at night, a pile of trash secretly removed from the garbage and dumped at some beautiful roadside."

The governor said "we must make it as unpopular to abuse our environment as it is to abuse animals."

"How this civilization manages its waste," Milliken said, "or whether it manages it at all, is going to affect the life style of many generations to come. We have the choice now of cleaning up the messes we have created or sitting by idly while they engulf us."

Another speaker said that while government involvement in waste disposal problems is necessary, the ultimate solution lies in the hands of private industry.

Harry Kletter, president of Industrial Services of America, Inc., said the few companies in the solid waste disposal area "already have proven their capacity to turn mountains of trash into molehills through compaction, recycling and landfill operation."

He described recycling as processing solid waste to retrieve certain materials and pulverizing unusable substances for landfill.

Kletter said there are good prospects for breakthroughs leading to the use of solid wastes as construction materials, but that meantime "nonincineration methods of disposal such as landfills remain the best means of combating land pollution and disposing of solid waste."

Joseph A. Parisi Jr., executive director of the Michigan Townships Association, said the financing of sanitary landfills is "killing us."

He said townships should join with each other in operating common landfills if they cannot afford their own.

Townships, he said, are frozen with a 15-mill limitation and cannot afford individual landfills unless the money is in the general fund.

Delegates to the conference heard numerous speakers representing the state, private industry, public agencies and universities.

## Bay Mills Indians Ask Land Payments

James R. Fitzharris, Escanaba attorney, reports the U. S. Indian Claims Commission has recognized the Soo Chippewa Indians as descendants of those who ceded the area where Sault Ste. Marie now stands and fishing rights in the St. Marys River.

The Indians, who now live in the Bay Mills Indian Community near Sault Ste. Marie, plan to ask reparations on grounds their ancestors were underpaid for their property and fishing rights.

Under an 1820 treaty the Indians ceded their rights to 16 square miles, where Sault Ste. Marie now stands, and under an 1856 treaty they ceded their rights to St. Marys fishing and 36.4 acres approximately where the Soo Locks now stand.

The Indians have rejected a \$12,000 offer as added compensation for their fishing rights.

The next step in the litigation will be to determine by appraisal what the ceded acreage and fishing rights were worth by the Indians.

## Mary Poquette Brings Honor To Hermansville High

The Hermansville public school has received a certificate of merit for being represented in the 1968-69 edition of Merit's "Who's Who Among American High School Students."

The certificate of merit is awarded by the Merit Publishing Company Scholarship Foundation, which publishes an edition of "Who's Who Among American High School Students" each year.

Miss Mary Kathryn Poquette, daughter of Mr. and Mrs. George Poquette of Hermansville, is the student who is listed in the 1968-69 edition. She is a 1969 graduate of the Hermansville High School and is presently attending Northern Michigan University. Mary is a former Daily Press carrier.

## Task Force To Hear Problems On Environment

Five specialists on environmental quality problems have been invited to address a public meeting sponsored by the Michigan Republican Party Task Force on Natural Resources and Pollution from 7:30 to 10 p. m. Thursday, Dec. 4, at the Pantlind Hotel, Grand Rapids.

Carl T. Johnson of Grand Rapids, member of the State Natural Resources Commission and vice-chairman of the GOP Task Force, will moderate the meeting, which is one of three to be held around the state.

Representative John D. Payant (R-Kingsford) is Task Force chairman.

"The urgent necessity to protect and enhance the quality of our environment—the world in which we live—transcends partisanship," Johnson asserted. "It should be an urgent concern of everyone, for our very lives and the lives of those who will follow us depend on how well we solve our problems of air and water pollution, chemical contamination and solid waste disposal."

The Task Force on Natural Resources and Pollution is one of 17 formed by Michigan Republicans to gather information on current issues. The task force reports will be used in development of future party platforms.

U. P. representative on the Task Force is Mrs. Ernest Nebel of Kipling.

FORMER SENATOR Daniel B. Brewster, D-Md., was indicted by a federal grand jury recently on charges of receiving a \$34,000 bribe from a Chicago-based mail order firm. In October, 1968, when he was waging an unsuccessful reelection campaign, Brewster told Maryland voters his net worth was \$2,455,900. (AP Wirephoto)

monetary standards of 1820 and 1856.

The two areas involved are roughly the area of Sault Ste. Marie as it existed as a village when the treaty with the Indians was approved by the U. S. Senate on March 2, 1821; and the 36.4 acres reserved within the approximately 10,240 acres as a place of encampment, which the Indians relinquished and for which they were not compensated.

## Case Prepared In Tate Death

LOS ANGELES (AP)—Police prepared a grand jury case against at least seven persons today in the Sharon Tate slaying, linked by an attorney to a cult of hippies who knew their leader as "God" and "Satan."

A preliminary hearing was also scheduled in Independence, near Death Valley, for Charles Miles Manson, 34, described as head of the occult group. He is charged with possession of stolen property.

Testimony probably would be confined to a raid on a hippie commune last October in the Death Valley area, said Dist. Atty. Frank Fowles. Deputies arrested 23, then released all but 10. The latter were held on a variety of charges including auto theft. They included Manson.

Miss Tate, 26, blonde actress wife of Polish film director Roman Polanski, was shot and stabbed last Aug. 9 at her plush, rented Bel Air estate. Also murdered were three of her jet-set friends—Hollywood hair stylist Jay Sebring, coffee heiress Abigail Folger and Polish playboy Volodymyr Prokowsky—and Steven Parent, 18, a friend of the estate's caretaker.

The following morning, Leno and Rosemary LaBianca, wealthy owners of a Hollywood market chain, were slain in what police described as an attempt to copy the Tate killings.

Under arrest in different areas of the country in the Tate case are Linda Kasabian, 20, taken into custody in Concord, N.H.; Charles D. Watson, 24, who surrendered in McKinney, Tex.; and Patricia Krenwinkel, 21, apprehended in Mobile, Ala. Authorities were preparing extradition papers to have them returned to California.

Miss Kasabian waived her extradition rights and agreed to return to California. When a charge of being a fugitive from justice in California was read to her in court in Concord, she said, "I'm guilty."

Police said several members of a nomadic group of hippies, last camped near Death Valley and including Watson and Misses Krenwinkel and Kasabian, committed all seven killings. They declined comment on statements by an attorney linking this group of hippies with Manson's cult.

## Greek Cited

EAST LANSING (AP)—Dr. Gerasimos H. Karabastos of the Michigan State University chemistry department has been named a corresponding member of the Greek Academy of Athens for his contributions to basic research in chemistry. He will make an international tour of 11 lectures, the last in Greece.

Newspaper Want Ads are a big sell. One billion, twenty-one million was spent on classified ads last year... more than for all magazine advertising combined and more than 200 million more than radio advertising.

## Selective Service System In House, Priority Set Ordered By Congress

WASHINGTON (AP)—The Selective Service System must be the first military draft law to be ordered by Congress.

No sooner had House leaders said the House would act on the draft law than the Senate ordered it to be the first.

"This is the sum of all the children of Israel," after their families, by the house of their fathers, with the number of their names, every male by their birth, from 20 years old and upwards, all that are able to go forth to war in Israel, thou and Aaron shall number them by their armies."

By this means, Moses registered, classified and inducted a conscript army of 603,550 citizen soldiers.

Between God's draft and the U.S. induction system, which underwent major reform Monday night with the imposition of a lottery selection method, history is studded with examples of mandatory military service.

The Athenians, Spartans and Romans all required citizens to serve in their armies under rules that would make most Americans cringe.

England maintained the practice from pre-conquest times on and Capt. John Smith brought the draft with him when the first permanent English colony was formed in Virginia in 1607 with each settler a soldier.

But as New World colonization spread, forms of required military service changed and the militia system replaced straight out draft.

State troops were the main units in George Washington's Revolutionary army, a situation that failed to please the future first president.

Washington Fought Plan Shortly after he became chief executive Washington asked Congress for a "uniform and effective system for the militia of the United States."

Congress responded with an act in 1792 requiring service in militia, which remained, however, under state control as to length of service and training.

Other efforts to maintain a large national army under federal control failed in the face of strong objections against any permanent, standing military force and compulsory training.

Most militia units were manned by volunteers and it was such forces that fought the War of 1812, the Mexican War and much of the early Civil War.

Redeveloped by short enlistments and badly trained militiamen, President Lincoln obtained a law in 1862 authorizing him to order states to meet their troop quotas by draft.

When this didn't work, Lincoln had instituted in 1863 the first national draft act.

The traditional objection to mandatory military service rose anew, fueled by the law's major loophole—a provision allowing a draftee to obtain his own substitute or buy his way out with a \$300 payment to the government.

1,000 Deaths Reported Riots followed, the worst taking place in New York City.

## Red Cross Lists Many Activities

By charter obligation, each Red Cross chapter must conduct a Service to Military Families program for servicemen, veterans, and their families, and this program as well as the other activities of blood bank, safety services, and aiding families in disaster, keep the Delta County Chapter busy. It is noted in the monthly report.

There were six active servicemen who were given aid but not counted as cases. Twenty seven active servicemen were aided in various ways—family counseling, request for emergency leave, extension of leave, birth announcements, health and welfare reports, reporting and communications.

Also assisted were seven civilians and one active serviceman received financial assistance from the chapter.

A local family was assisted when their home burned.

There were 71 pints of blood used at St. Francis Hospital in November. Forty nine pints were replaced to other hospitals for Delta County patients for a total of 120 pints of blood used.

Plastic donor cards were mailed to the persons who donated blood for the first time at the last blood bank or to those who had changed their address. The next blood bank will be held Dec. 9, 10, and 11.

## Other Stocks

(From Edward B. Jones & Co.)

	Bid	Ask

U. P. Power Co.	20 1/2	21 1/2

which will be completed and other people bought before the first military draft law is ordered by Congress.

Property damage ran into the millions and deaths have been estimated at 1,000.

Following the Civil War, the nation reverted to a free army stationed mainly on the frontier to fight Indians. Although a draft was instituted during the Spanish-American War, the fighting ended before the induction system was really put into effect.

The modern draft was born May 18, 1917, as the United States prepared to fight in World War I.

Numbers Drawn

Each registrant was assigned a serial number, and these numbers determined the order of induction. The numbers were drawn in a national lottery with Secretary of War Newton D. Baker drawing the first number from a big fish bowl.

Induction was stopped but the draft mechanism was kept alive after the war by a Joint Army and Navy Selective Service Committee. When the Selective Training and Service Act was passed Sept. 16, 1940 on the brink of U.S. entry into World War II, the draft machinery was ready.

Not Amended Dec. 12, 1941, six days after Pearl Harbor, Congress amended the act to remove a restriction that induction could serve only in the Western Hemisphere or U.S. territories, and the period of military service was extended to the duration of the war plus 6 months.

Again a lottery was used, setting the order of induction on serial numbers drawn from a glass bowl. However, unlike the previous lottery when fewer men were needed, the World War II drawing determined only when a man would go, not if he would go.

The World War II draft legislation expired in 1947, but was revived the following year and has remained in effect since.

Washington — In Escanaba, Mich., a new city manager was named Tuesday.

It all began on whether his wife, Mrs. Mary, was permitted to work.

Mr. Charles, member of the city council, said her vote for her husband's appointment after a preceding vote — without her ballot — ended in a 2 to 1 defeat. Mayor Eugene Maki said he considered the tie-breaking on the council but added that he would seek legal opinion whether Mrs. Maki could legally cast a ballot on the proposal.

## Recover Bodies Of 33 In Home For Aged Fire

NOTRE-DAME-DU-LAC, Que. (AP)—Searchers digging through the charred ruins of a home for the aged here recovered 32 bodies by late Tuesday night.

Police said between 60 and 80 persons were killed. Sgt. Cyrille Charron, in charge of the provincial police detachment in this village 15 miles from the Maine border, said it was difficult to determine the exact number of victims because records were destroyed in the fire.

Between 71 and 78 persons had been reported in the three-story wooden building when fire roared through it early Tuesday.

Charron said documents from the social welfare office in nearby Caplan indicated there were between 60 and 72 aged patients in the old people's home. The home also had six staff members, including the owner, Charles Tardif, who escaped with his wife and two children.

Charron said 21 survivors had been accounted for at the local hospital, and the police had other reports indicating as many as 20 persons may have escaped.

Washington (AP)—Mayor, poverty and discrimination caused by Indians in the United States were shown with news and impact on two television programs Tuesday night.

The National Educational Network presented an hour program built around the current White House conference on education. It opened with scenes showing film of Navajo children suffering from malnutrition, and moved on to families on an Indian reservation trying to feed families on inadequate funds and food supplements.

Less effective was a big discussion group that followed, with representatives of varying groups complaining about welfare handouts, the quality of free commodities, and often moving away from the central subject: hunger.

Sen. George S. McGovern, D-S.D., observed that "15 million people in this country don't have enough to eat... We've put a man on the moon but we haven't put people in a position where they can feed their families."

Later, on NBC's "First Tuesday," one hour segment was a case history of a young Sioux, Thomas White Hawk, who last year was sentenced to life imprisonment for murder and rape to which he consented.

Probing his background, NBC researchers found a boy raised in urban and rural "Indian ghettos" and orphaned at 11. He grew up to be a leader in boarding schools and his trouble came while he was a premedical student and star athlete in a Western college—one of a handful of Indians among thousands of students.

After his conviction, examinations showed he had long needed psychiatric help. The NBC report contrasted the handling of his case with that of a white man accused of killing an Indian. A jury found the man innocent in two hours.

Engelbert Humperdinck, the British singer who next month will have an ABC show of his own each week, gave viewers a preview of his style and attitude in his first TV special.

It was a relaxed, timely hour. The handsome star has a good, effortless voice, an easy manner and a nice feel for casual comedy. With his low key manner he should wear a little better than the more aggressive entertainers.

Larry Hagman sure was the marrying kind Tuesday night. First he was the astronaut bridegroom of the 2,800-year-old Jeanie. NBC's "I Dream of Jeanie." Less than an hour later, he was going through two more marriage ceremonies setting up the hectic comedy of "Three's a Crowd," on ABC's "Movie of the Week."

Marriage for Jeanie could change the whole focus of the series. There ought to be a lot of funny situations when a mere mortal is married to a sorcerer—or has that already been done?

State Police from the Gladstone Post issued speeding citations Tuesday to Dennis Victorson, 317 S. 9th St., Escanaba; and Charles Malone, 530 Lake Shore Dr., Escanaba.

Gladstone Masons Lodge 306 will have a regular meeting at 7:30 p. m. on Thursday. New officers will be elected and all members are urged to attend. Dinner will be served at 6:30.

The Menominee - Delta Schoolcraft Community Action Agency Governing Board, will meet on Saturday, Dec. 6, at 2 p. m. in the Catholicism Bonitas Civic Center Club Room, Escanaba. Agenda items will include consideration of new personnel policies and reports on various programs. The public is invited.

## Parochialism Is Target Of Suit

LANSING (AP)—Three Democratic senators have filed a court suit to try to keep the House of Representatives from accepting a bill passed by the Senate that included state aid to private schools.

Sen. Roger Craig, D-Dearborn, filed the suit in Ingham County Circuit Court Tuesday. He was joined in the suit by Sens. Basil Brown, D-Highland Park and Coleman Young, D-Detroit.

The suit was filed against House Clerk T. Thomas Thatcher. The suit asks Thatcher to show cause why a temporary injunction should not be issued restraining him from treating action of the Senate as properly passing the bill and from presenting it to the House of Representatives.

Judge Sam Street Hughes scheduled a show cause hearing on the suit for Friday.

"Most of the time the courts are very reluctant to deal with legislative matters," commented a spokesman for Atty. Gen. Frank Kelley. The spokesman refused to speculate on the outcome of the legal move.

The Senate passed the \$1 billion-plus school aid bill, including \$25 million for aid to private schools, on Nov. 13.

The Senate Tuesday postponed a planned reconsideration vote. Further delay also was viewed possible.

Should the reconsideration motion fail—or pass—and the bill be passed again, the measure then would go to the House for consideration.

Craig and his fellow Democrats attacked the bill on constitutional grounds.

"They said the State Constitution provides that 'the assent of two-thirds of the members... shall be required for the appropriation of public money or property for private purposes.'"

The Senate vote, they contended, failed to meet this provision because of the 22-15 passage—less than the two-thirds required.

"A private rather than a public purpose would be served by passage of the bill," it was argued in the suit.

Therefore, the suit contended, a two-thirds vote is required for passage of the school aid bill.

Senate President Pro Tem Thomas Schweigert, R-Peterson, had ruled that a two-thirds vote would be necessary, but the Senate membership rejected his ruling by an 18-17 vote.

## Obituary

MRS. GERTRUDE CHAPMAN Funeral arrangements for Mrs. Gertrude Chapman have been completed as follows: friends may call at the Skradski Funeral Home in Gladstone after 4 p. m. Thursday and funeral services will be conducted at 10 a. m. Friday at the Gladstone home chapel with the Rev. Rex Root officiating. Burial will be in Fernwood Cemetery.

# Coatta Fired At Wisconsin

MADISON, Wis. (AP) — Wisconsin Coach John Coatta, whose beleaguered football Badgers won only three games in his three years at the helm, was fired Tuesday night.

Athletic Director Elroy "Crash" Hirsch said a search would begin immediately for a successor, preferably a strong established head coach or top assistant coach.

Hirsch sat grim-faced and red-eyed for the news conference announcement that he had recommended the firing of Coatta and his assistants be allowed to expire.

Coatta, whose coaching never equaled his star quarterbacking performances of two decades ago at Wisconsin, bowed out with a dismal record of 2-36-1.

The 49-year-old coach admitted he was not caught completely off guard by the announcement, which ended weeks of rumors that he was on the way out.

"I wasn't totally surprised," Coatta said. "But you always have faint hopes until you find out. It's tough, but that's the way it is. It'll probably work out for the best."

"It's too bad for us," he added. "I don't want to sound like sour grapes, but I feel the football program is much better off than when we started three years ago. The program has a solid foundation and things will look up for the Badgers. They were beginning to look up this season. There are some football players here now."

Coatta's contract expires next Tuesday. The one-year contracts of his assistants, with the exception of Les Richerson's run out June 30, 1970.

Richerson's five-year contract will expire a year later. Hirsch said Richerson may be assigned other faculty duties, depending on the wishes of Coatta's successor.

Hirsch, who replaced the late Ivan B. (Ivy) Williams as athletic director last February, said he had reached his decision to fire Coatta since the season finale against Minnesota Nov. 22.

"I always promised John I would make my decision after the season," Hirsch said. "I have kept my promise."

The athletic director, himself a former Badger star and later a standout on the Los Angeles Rams, said he had received a lot of advice from Alumnus — both for and against Coatta — but "none of these pressures entered into my decision."

Coatta, who was hired three years ago to revive the Badger football fortunes after Milt Bruhn had suffered through three straight losing seasons, coached the team to its worst back-to-back campaigns in history.

His 1967 Badgers were 0-9-1 and his 1968 team finished 0-10. When his team scored three touchdowns this past season — over Iowa, Indiana and Illinois — the question was whether the victories had come early enough to save Coatta's job.

Coatta, who starred as a Badger quarterback in 1948-1950 and 1951, returned to Wisconsin as an assistant coach in 1955 to serve under Bruhn, who had fallen on lean years after taking the Badgers to two Rose Bowls.

## Tigers Record Third Straight In League Play

POWERS—Winning has become quite a habit at Powers-Spalding High School as of late and Tuesday night's game against the Hermantown Redskins was no exception, as the Tigers came out on top end of an 80-50 score in the Skyline Conference contest.

In the only other Skyline Conference game played last night, Republic notched its third straight conference victory over Champion, 67-64, to remain tied with the Tigers for the league lead.

Powers-Spalding jumped out to an eight-point lead in the first quarter and added to their margin in every quarter thereafter in picking up the victory.

Dick Smith paced the Tigers in the scoring column with 34 points, giving him a total of 93 points in three games. The only Powers-Spalding player to hit double figures was Kim Riedy with 23 points.

John Dugli led Hermantown with 20 points and Tim Faccio chipped in with 14.

The Tigers were really hot from the field, making 22 of 58 field goal tries for 55 per cent, while Hermantown was hitting at a 24 per cent clip on 19 of 55. The Tigers also held a big edge in the rebounding department, 39-18, with Riedy leading the way with 11.

Powers-Spalding is now idle until Dec. 13 when they play host to National Mine in a Skyline Conference game and Hermantown plays host to Fennimore in a league test Friday night.

The box score:

HERMANTOWN	FG	FT	PP	TP
John Dugli	8	4	3	20
Steve Farnham	0	0	1	0
George Mante	0	0	1	0
Tim Faccio	3	2	1	14
Scott Bellmore	1	0	1	0
Mike Stale	1	0	1	0
Greg St. Julien	1	0	1	0
Dave Malone	0	0	1	0
<b>Totals</b>	<b>19</b>	<b>12</b>	<b>11</b>	<b>30</b>

POWERS	FG	FT	PP	TP
Dick Smith	14	6	4	34

## Crusader Cage Picture Looks Good For 1969-70

A new coach, good size and five returning veterans make the outlook for a successful cage season look rather promising at Holy Name High School for the second year in a row.

Gordon LeDuc, the coach of last season's State Class D Champion Marquette Bishop Barraga team, has replaced John Butrymowicz as the head coach of the Crusaders, after Butrymowicz guided Holy Name to a 10-7 record last year. LeDuc formerly coached at Powers and Neagunee St. Paul before going to Bishop Barraga.

LeDuc will have some valuable experience returning from last year's team in seniors Dan Young, Bob McGinn, Don Cousineau and Steve Kleinman, and junior Joe Harvey. Young, McGinn and Harvey were all in the

SENIOR VETERANS — Coach Gordon LeDuc of Holy Name High School, kneeling, is shown above with the four returning seniors on the Crusader basketball team this year. From left to right are Bob McGinn, Don Cousineau, Steve Kleinman and Dan Young. McGinn and Young were starters last year. (Daily Press Photo)

starting lineup at different times last year, while Cousineau and Kleinman were front-line reserves.

Also listed on the Holy Name roster for this season are Tom Ness, Joe Joran, Bill Skradski, Charley Creten, Gary Kleinman, Dave Maskart and Chuck Guay, all of whom played on the junior varsity team last year.

The Crusaders won't be lacking for size during the 1969-70 campaign, as nine of the squad members go over the six-foot mark. Harvey is the tallest player on the squad at 6 feet 5 inches, while Guay and the two Kleinmans are listed at 6 feet 3 inches; Joran and Creten at 6 feet 1 inch and Cousineau, Maskart and McGinn at 6 feet even.

LeDuc has listed Harvey, Young and Steve Kleinman as possible starters in the front court and McGinn, Ness, Skradski and Cousineau as possible choices in the backcourt.

"Our success this year depends a great deal on how well the boys up from last year's junior varsity squad can adjust to varsity competition," said LeDuc. "We have good size, but we must develop some scoring punch. We have many boys of near-equal ability and the battles for starting spots have been spirited. This should give us a good, strong bench."

Young scored 96 points last season to rank fourth among scorers on the 1968-69 team and McGinn chipped in with 80. Young was also the third leading rebounder on last year's team with 119. Skradski and Ness were the top two scorers on the junior varsity during the 1968-69 season.

The Crusaders play in the Great Northern Conference along with Escanaba, Menominee, Iron Mountain, Kingsford and West Iron County. This season, Holy Name will play ten conference games and six non-conference tilts. They open their season this Friday night at home against the Manistique Emeralds and will play host to Gladstone on Tuesday night.

Assisting LeDuc this season will be John Berrigan, junior varsity, and Walt Veldman, freshmen.

The Crusader schedule: Dec. 5—Manistique; Dec. 9—Gladstone; Dec. 12—at Munising; Dec. 18—at Stephenson; Dec. 19—Iron Mountain; Jan. 9—at Kingsford; Jan. 13—at Escanaba; Jan. 16—West Iron City; Jan. 23—at Gladstone; Jan. 30—Kingsford; Feb. 3—at Manistique; Feb. 6—Menominee; Feb. 13—at West Iron City; Feb. 17—Escanaba; Feb. 20—at Menominee; Feb. 27—at Iron Mountain.

# Rockets, Bark River Showing Early Power

The Central League race could turn out to be a real dog-eat-dog affair before the season is over and the Bark River Harris Broncos and Rapid River Rockets expect to be right in the thick of things when the race is over.

Last night, the Broncos scored their second straight victory of the season by nipping the Tremary Comets 66-64 at Bark River and Rapid River notched its third straight triumph with an 80-33 romp over the Rock Little Giants.

In the only other game involving a league team last night, the Big Bay de Noc Black Bears opened their season with a 73-56 victory over Brimley.

After Bark River opened up with a four-point lead in the first quarter, Tremary came back to tie the score at 33-33 at halftime. The Comets jumped out to a 43-33 margin early in the third quarter, but the Broncos came right back to cut the margin to just two points by the end of the quarter.

The fourth quarter started out to be a scoring battle between Loren Vesser of Bark River and Dave Marlin of Tremary, but the Broncos managed to grasp a four-point lead with just a minute left to play. After Tremary cut the margin to two points the Broncos held on to the ball and came up with the victory.

The Broncos got balanced scoring from Vesser and Randy Leese, each of whom tossed in 14 points, and Alex Jorasz, who had 13 points. The Broncos attempted 73 shots from the field and made 29 for 41 per cent.

Tremary's Marlin topped all scorers in the game with 30 points and Don Sandstrom and

Herb Harris chipped in with 12 and 12 points respectively. Tremary hit on 23 of 78 field goal attempts for 30 per cent.

Rapid River took advantage of Rock's poor shooting from the field to build up a 21-point lead by halftime and outscored the Little Giants 43 to 17 in the final two periods.

Kenneth Dean, the Rock coach, echoed the praises of the Rapid River team by saying, "Rapid River is really tough. They run good and have a strong bench."

Rapid River players hitting double figures in the game were Sam Johnson with 14 points, Dale Morin 12 and Dale Pasi 11. Tom Linjala was the only Rock player in double figures with 14 points.

Big Bay opened its season in strong fashion, holding the high scoring Brimley team to just 56 points. In their last outing Brimley scored 103 points against Soo Loretto.

Plagued by first game jitters and many turnovers, Big Bay fell behind 20-12 at the end of the first quarter, but really turned on the coals in the second and third periods to build up a big lead.

John Lewandowski and Dave Hardwick paced the Big Bay attack with 18 points apiece, while Kim Hartman chipped in with 14 points and Herb Pomeroy added 11.

Big Bay only shot 33 per cent from the field, making 26 of 78 attempts, but they held a big edge in rebounding, where Lewandowski led the way with 20.

In preliminary games, Bark River nipped Tremary 36-24, Rapid River edged Rock 43-42 and Big Bay upended Brimley 47-43.

## Marquette Bombs Northern Cagers

MILWAUKEE, Wis. (AP) — Eighth-ranked Marquette used an air-tight defense to crush Northern Michigan, 96-60, in the opening college basketball game for both teams Tuesday night.

Starting slowly, the Marquette Warriors were behind, 15-14, when they put the defensive clamps on the Wildcats. By the half, Marquette led, 39-24, then spurred to a 61-30 advantage before clearing the bench.

Ric Cobb led the Warrior scoring with 18 points, while Dean Meminger added 17 and Joe Thompson 16.

High for Northern Michigan was Ted Rose with 15 points.

Cobb also led both teams with 12 rebounds as Marquette carved out a huge margin in that department, also, 63-52.

# Pro Puck League Adds Two Teams

NEW YORK (AP) — Vancouver, B.C., and Buffalo, N.Y., in 1970-71. That was the verdict of the National Hockey League Expansion Committee Tuesday ... and for 1973-74 maybe even Moscow.

"It could be the Moscow Olympics versus the Montreal Canadiens for the Stanley Cup in either 1973-74 or 1974-75," Clarence Campbell president of the NHL said today after the league had conditionally accepted Vancouver and Buffalo into the fold for next season.

Each franchise cost \$6 million, three times the amount paid by the six West Division expansion teams that entered the league in 1967-68 when the NHL doubled its size to 12 entries.

Now with 14 teams, the NHL had to shuffle its divisional setup with Chicago of the East Division moving to the West while Buffalo and Vancouver set up shop in the East.

Others in the East are Montreal, Toronto, Boston, Detroit and New York. The West line-up has Chicago, Oakland, Minnesota, Pittsburgh, Philadelphia, Los Angeles and St. Louis.

The Vancouver franchise was awarded to the Medcor Corp. of Minnesota a Minneapolis-based firm while the Buffalo group—the Niagara Frontier Hockey Corp.—is headed by bankers Seymour H. Knox and his brother, Norrump.

Buffalo's entry is "contingent on the formal approval by Buffalo city authorities to increase by the 1970-71 season the seating capacity of War Memorial Auditorium to not less than 15,000 seats," a statement from the NHL read.

In addition there will have to be an execution of a lease satisfactory to the NHL between the city of Buffalo and the hockey club.

The NHL board of governors said that Vancouver would have to acquire the Northwest Sports Enterprises, which owns the Vancouver Canucks of the Western League and Rochester of the American League. And final execution of a satisfactory lease with the Pacific Coliseum, the arena which is owned by the Pacific National Exhibition Co.

Campbell said four more teams will be added in 1973-74, two for each division—plus the possibility of a European division. However the Europeans would not compete during the regular season with the NHL, but would meet for the world championship at the close of the season.

## Baseball Talks Shift To Miami

MIAMI BEACH, Fla. (AP) — Baseball's winter meetings, which failed to produce a major player transaction during three days of preliminary sparring at nearby Fort Lauderdale, shifted to Miami, where trade talk likely will share the spotlight with discussion of possible structural changes in the administration of the game.

While the traders sought to close deals left hanging Tuesday at Fort Lauderdale, club owners began tackling the problems of 1970 schedules, player relations and a reorganization proposal that could result in future concentration of power in the office of Commissioner Bowie Kuhn and, ultimately, in realignment and inter-league play.

The owners were to kick off their talks today with an informal joint session. Saturday, they will consider recommendations of a restructuring committee they set up after taking the commissioner's job from Gen. William D. Eckart in the bombshell windup of last year's meetings.

Kuhn, named commissioner on a pro-tem basis two months later, subsequently was given a seven-year contract to remain in the top job. He favors bringing the American and National Leagues under one roof—literally and logistically—in an effort to modernize the administration process.

But there has been much disagreement among the owners on how far to go toward centralization of power.

General Manager Charles "Chub" Feeney of the San Francisco Giants, a member of the restructuring committee and the top candidate to succeed retiring National League President Warren Giles, is among those who would preserve the autonomy of the leagues.

Outside the meeting rooms, several inter-league trades appeared imminent following three days of relative inactivity. The world champion New York Mets, in the market for an established third baseman, reportedly were close to dealing for Kansas City's Joe Foy.

In Tuesday's only trade at the major league level, the Montreal Expos dealt southpaw pitcher Larry Foster to Atlanta for right-hander Jim Britton and catcher-outfielder Don Johnson, a Brewer's farmhand last season.

The Expos also announced the hiring of Dick Williams, ex-manager of the Boston Red Sox, as their third base coach. Williams, fired by the Red Sox in the final month of the 1969 season, fills a vacancy on Manager Gene Mauch's staff created when Dave Bristol took the Seattle managing job last month.

Cal Ermer, former skipper of the Minnesota Twins, also landed a coaching job, as pitching tutor for Bristol's Seattle club.

## Warriors Dump Pistons With 3rd Period Burst

By The Associated Press

The San Francisco Warriors seek their second straight victory over Detroit tonight, and Warriors' coach George Lee is hoping for a third quarter to match the one against the Pistons Tuesday night.

After the first half ended at 46-all, the Warriors exploded for 46 points in the third quarter and coasted to a 116-109 National Basketball Association victory over Detroit.

A tremendous performance by Nate Thurmond enabled the Warriors, now 12-11 in the NBA Western Division race, to win their sixth game in the last eight starts.

Thurmond played all 46 minutes and scored 36 points. He also pulled down 23 rebounds and blocked six shots.

Jeff Mullins scored 25 and Fritz Williams 23 to aid Thurmond.

Jimmy Walker paced Detroit, now 8-14, with 29 and teammate Howard Komives scored 19.

The New York Knicks and Baltimore Bullets, running 1-2 in the Eastern Division race, seem to be doing the same routine once they step out on the basketball court ... only the Bullets started about two weeks too late.

Tuesday night the National Basketball Association Knicks and Bullets kept in step by crushing opponents with overwhelming tactics. Again Baltimore was a little bit slower, waiting until the last seven minutes, before blowing the Cincinnati Royals off the court, 128-107. The Knicks however did it in the entire third period en route to their 129-109 pasting of the Seattle SuperSonics.

## Temple Defeats Boston College

By The Associated Press

The Temple Owls have taken right up where they left off at the end of last season's college basketball campaign. They won a game most everyone expected them to lose.

Boston College was supposed to beat Temple in the final of the NIT post-season tourney last March, but it was the Owls who won 88-76. On Tuesday night the Owls, with only one starter back from their NIT championship team, upset 14th-ranked St. John's of New York 60-58.

Two free throws by Drew Nolan with 45 seconds left won for the Owls as they dedicated their new \$9.3 million gymnasium, McGonigle Hall, at Broad Street and Montgomery Ave. in Philadelphia.

"The kids knew they had a challenge in St. John's and they did a good job," said Harry Litwack, veteran Temple coach, after Nolan's free throw erased a 59-58 St. John's lead gained on a three-point play by Ralph Abraham with 25 seconds on the clock.

Temple College again was upset, this time by Boston University 74-70. It was the first victory by the Terriers over the Eagles in 10 years and came on the cusp of the Jimmy Hogue.

## Sports In Brief

Jerry Kocman of the New York Mets is the only pitcher to win two World Series games against the Baltimore Orioles. He won 3-1 and 8-3, pitching 17 and two-thirds innings.

In other games, Utah State downed Sacramento State 85-61, Washington trampled Idaho 105-59, U. of Pacific beat Hayward State 75-60, Baylor beat Texas Wesleyan 90-49 and Dartmouth, paced by Alan Wain's 28 points, whipped Worcester Tech 69-24.

### Mrs. Anderson Heads County's March Of Dimes

Mrs. Ralph Anderson has been named chairman of the Delta County Chapter of the National Foundation—March of Dimes, replacing Albert D. Pa-peric who held the post for two years.

Mrs. Anderson will super-vise the activities of the local chapter which gives financial assistance to birth defect patients and post-polio patients in Delta County. She will also be active in next January's March of Dimes campaign which finances this service.

"The great majority of birth defects can be treated and completely corrected, if they are detected early and given the best care known to modern medicine. Medical care of this high quality is available at 100 March of Dimes—supported

birth defects centers at leading medical institutions throughout the nation, including a center at the University Hospital in Ann Arbor," Mrs. Anderson said.

March of Dimes funds also support the Salk Institute for Biological Studies in San Diego, Calif., where scientists work to learn more about the basic process of life. Their re-search relates not only to birth defects but to all diseases.

Mrs. Anderson and her fam-ily have lived in Escanaba for seven years. Her husband is employed at Michigan Bell and they have four children. She is a member of Central Methodist Church, Women's Club and Highland Golf Club.

She has been active in the March of Dimes for many years, having served as city and county chairman of the Mothers' March and also city chairman for Marquette. Last year she was co-chairman for the Mothers' March in Escana-ba.

### Businessmen In Ontonagon Ask Protection

ONTONAGON—The village council in this Lake Superior community is considering a businessmen's petition for round the clock police protection.

William Rosemurgy said busi-nessmen were concerned over a recent rash of burglaries and felt that breaking and entering cases would be reduced if 24 hour police service were provided.

Village President James Clark said the village already is spending \$30,000 a year for police protection and that ad-dition of a full time officer at night would cost about \$7,000 more.

The practice of preserving food in air-tight canisters or cans was introduced early in the 19th cen-tury.

### Public Schools Can Use Bible

WASHINGTON, D.C. — The public schools can use the Bible and other religious writings for general education purposes.

This point is stressed by Rolfe Lanier Hunt in an article, "Teaching about Religion in the Public Schools," which appears in the December issue of To-day's Education, official publi-cation of the National Education Association. Hunt, a public school administrator for many years, is former chief of edi-torial service, U.S. Office of Education, and former editor of The Phi Delta Kappan and The International Journal of Re-ligious Education.

When the U.S. Supreme Court in 1963 outlawed devotional Bible reading in the public schools, Hunt explains, it took pains through a majority

opinion to sanction Bible study as long as it is for the purpose of general education and not for persuasion or indoctrination.

Despite this clear authority, most school systems avoid Bible studies of any kind. This is true even though both Jud-ism and Christianity are his-torical religions of significance to school subjects such as his-tory and literature.

The many religious creeds that children bring with them to school, says Hunt, can cause distractions and disputes or can spark opportunities for growth in knowledge and better un-derstanding of others with whom the students will live and work.

He admits that it may be dif-ficult for a teacher to present religious materials as intel-lectual facts without a hint of bias or prejudice, but maintains that the student is entitled to the full range of information appropriate to the subject mat-ter and his level of maturity.

How public schools deal with religion, he says, is part of the never-finished business of a democracy.

### Trenary

Birth  
Rev. and Mrs. Robert Lee are the parents of a son, Adam Robert, born last week in Tioga, N.D. Adam, the first grand-son of Mr. and Mrs. Lloyd Lee, weighed 9 pounds, 15 ounces at birth.

### Optometrists To Meet At U.S. Academy

An optometrist from Escanaba has been accepted for presentation before the annual meeting of the American Academy of Optometry Dec. 16 in Philadelphia.

The Academy meetings are held for the purpose of dis-seminating new information in the eye care field and to keep optometrists abreast of the lat-est knowledge in visual re-search, visual training, devel-opmental vision, pathology de-tection, drugs and drug action and refraction through the continuing education course.

Dr. Gosses will make his presentation with statistical charts and slide illustrations before the Fellows of the American Academy (FAAO) at the research section meetings and will ask for an anatomical research study of his findings regarding Inner Canthus Cilia.

"While eyelashes have long been known to cause various symptoms, including lacrima-tion, corneal irritation and/or abrasions, they have only re-cently been found growing in-crescently into the lacrimal portion of the eyelids in and about the inner canthus," said Dr. Gosses. "More studies, in-cluding determination of gland growth following eyelash growth need to be made re-garding this evolutionary de-velopment."

The caribou is the only deer native to North America in which both males and females carry antlers.
